Duty of inclusion: sharing information with our stakeholders and raising their awareness

Duty of vigilance : complying with regulations and managing emergency situations

Duty of transparency: communicating on the progress of our approach

Duty of integrity: applying the new CSR standards of our sector

OUR PRIORITY ISSUES

1.ENVIRONMENT

Reduce the environmental impact of our activities through responsible resource management and control of our carbon footprint

- Limit waste and food waste through optimised management of purchasing and packaging
- Improve waste sorting and recovery to encourage recycling and reuse
- Reduce resource consumption (energy, water, fuel) across all our activities
- Measure and manage our carbon footprint to guide our reduction actions

2.SOCIAL

Ensure the well-being, diversity and inclusion of our employees

- Guarantee safe and caring working conditions that support health and balance
- Strengthen internal communication to develop listening and team cohesion
- Encourage training and career development for all, with equal opportunities
- Promote diversity and inclusion by valuing gender balance and the integration of varied profiles

3.ECONOMIC

Secure the long-term future of the business through optimised processes, responsible purchasing and lasting collaboration with our ecosystem, while increasing visibility and client satisfaction

- Enhance the brand and increase client satisfaction
- Develop B2B and public contracts to even out activity over the
- year and secure economic stability
- Optimise internal processes to gain efficiency and quality
- Develop responsible purchasing through local and sustainable sourcing
- Integrate our CSR approach into our sales activities

OUR COMMITMENT

MG Réception is voluntarily committed to the environment and social progress through its ISO 20121-certified approach. Our approach combines waste reduction, the fight against food waste and employee well-being. Management ensures that all stakeholders are involved in its responsible management system, reports on assessments and results through regular reporting, and continually improves its sustainable development objectives.

OUR VALUES

Excellence : Offering the best at every moment to exceed expectations

Respect : Listening, loyalty and trust in the service of harmony

Responsabilité : Our choices build a sustainable and committed future

OUR 2029 VISION

MG Réception aims to strengthen its presence in corporate events (Orléans, Seine-et-Marne, Paris) while continuing to serve private clients with the same high standards. This ambition relies on our new production facility, designed to reduce our consumption and improve working conditions, and on measuring our carbon footprint.
